1990 Subject Index

Air

May "Monitoring Radon-Decay Products Challenges Health, Safety Experts" by Dade W. Moeller, PhD, p. 64

May "Regulations, Employee Concerns Spur Air Monitoring of Work-Place Hazards" by John F. Rekus, CSP, CIH, p. 71

May "Concerns about Indoor Air Quality Warrant Review of HVAC Systems" by Norman A. Beddows, CIH, p. 77

June ENGINEERING CONTROL: "Maintenance of Indoor Air Quality A Major Concern for the 1990s" by D. Jeff Burton, PE, CIH, CSP, p. 61

July ENGINEERING CONTROL: "Understanding Effects on Workers Helps in Solving IAQ Problems" by D. Jeff Burton, PE, CIH, CSP, p. 47

Sept. "Industrial Hygienists Take the Field With New Gas Detection Technology" by Teri Lyn Eisma, p. 36

Sept. ENGINEERING CONTROL: "Restricting Smoking at Worksites Improves Air Quality, Reduces Costs" by D. Jeff Burton, PE, CIH, CSP, p. 50

Oct. "Effort to Reduce Radon Cancer Risk Includes Measurement, Abatement" by James Phil Shield, CHCM, and Abdalla M. Mutawe, MS, p. 116

Oct. ENGINEERING CONTROL: "Reactive, Volatile Organic Compounds Major Contaminants in IAQ Problems" by D. Jeff Burton, PE, CIH, CSP, p. 106

Nov. ENGINEERING CONTROL: "Proper Action Can Help in Alleviating Most Indoor Air Bioaerosol Hazards" by D. Jeff Burton, PE, CIH, CSP, p. 38

Asbestos

Feb. "Process Converts ACM into Glass To Lessen Asbestos Disposal Problem" by David Roberts, PhD, p. 25

Feb. "Protection from Asbestos Exposure Includes Personal and Area Monitoring" by John F. Quinn and Ken Acer, p. 27

July "Legislation Would Broaden Scope Of Training for Asbestos Abatement" by Daniel D. O'Mara, p. 22

Sept. "Building Inspection Crucial Part Of Effective Asbestos Management" by Timothy A. Scott, p. 16

Sept. "Asbestos in Place May Present Immeasurable Risks in Buildings" by Jeffrey L. Levin, MD, MSPH, Richard S. Kronenberg, MD, and Ronald F. Dodson, PhD, p.23

Sept. "Asbestos Warrants Care, Management But Society Must Resist Urge to Panic" by J. Bernard L. Gee, MD, and Brooke T. Mossman, PhD, p. 25

Chemicals

Sept. "CMA's Responsible Care Program Guides Safety Management Change" by Lisa K. O'Mara, p. 31

Clothing

May "Decontaminating Protective Clothing Offers Challenge to Manufacturers" by Christopher J. Kairys and Zack Mansdorf, PhD, CIH, CSP, p. 36

May "Always in The Hot Seat: Thermo-Man takes the heat to test the flame resistance of various types of protective clothing" by R. Blake Smith, p. 44

June "Manufacturers Develop Safety Gear For Worker Comfort, Style Acceptance" by Teri Lyn Eisma, p. 48

June "Safety Footwear Steps Into Dress, Athletic and More Women's Selections" by Teri Lyn Eisma, p. 54

Dec. "Adequately Insulated Gloves, Boots Vital for Working in Extreme Cold" by Eric Vaughan, p. 34

Dec. "Proper Glove Selection Can Help Reduce Costs and Hand Injuries" by Robert Gaither, p. 38

Compensation

April "Workers' Compensation Payers Turn To Cost-Containment Strategies" by Richard J. Calhoun, p. 84

Conferences

Feb. "Focus on Asbestos Industry's Future As Alamo City Hosts NAC Conference" by Melaney Merriman, p. 21

April "Drug Screening, AIDS in Workplace Among Prominent Issues at 1990 AOHC" by Melissa Tanner, p. 51

May "Technical Sessions, Exhibits, 'Fun' At Industrial Hygiene Conference" by Teri Lyn Eisma, p. 46

May "1990 HazMat International Conference Addresses State of the Environment" by Melissa Tanner, p. 63

June "Scannell to Share Vision of OSHA At 1990 Conference of the ASSE" by Melissa Tanner, p. 42

June "SHRM Conference in Atlanta Will Address Workforce Ethics" by Emily Smollen, p. 53

Sept. "NAC Fall Conference in Phoenix To Address Risks of Third Wave" by Melanie Yeager, p. 14

Sept. "Bennett, Walker to Address Issues Regarding Drug-Free Workplace Act" by Emily Smollen, p. 44

Oct. "OSHA Reform, Ergonomics Key Issues As NSC Congress Meets in Las Vegas" by Eric Vaughan, p. 76

Nov. "Diverse Technical Program Highlights HazMat Control at Superfund '90" by Teri Lyn Eisma, p. 25

Disease

Jan. "Legal and Ethical Issues Affect Conduct Toward AIDS Sufferers" by Linda C. Kramer, JD, RN, p. 49

Feb. "Occupational Risks of Chemical Use May Be Greater in Small Businesses" by Thomas A. Bex, p. 39

April "Control of Environment, Exposure Key to Reducing Occupational Cancer" by John S. Neuberger, DrPH, p. 90

April VIEWPOINT: "Skin Largest and Easiest Target for Occupational Injury, Disease" by Phillip L. Polakoff, MD, MPH, MEnvSc, p. 93

May "Engineering, Medical Controls Vital In Battle Against Occupational Cancer" by John S. Neuberger, DrPH, p. 84

July "Concerns About Contagious Disease Prompt Infection Controls for CPR" by Melanie Yeager, p. 51

Drugs in the Workplace

April "More Employers Are Utilizing Drug-Screening Programs" by John Bitter, EdD, p. 27

June EDITORIAL: "Drug Testing Requires Examination Of Methods, Reasons and Usefulness" by Alexander L. Strasser, MD, FACP, p. 52

Sept. "Preventing Employee Drug Abuse Starts With Firm Policy, Awareness" by Cheryl Thieme, RN, p. 41

Oct. "New Technology Enhances Effort to Detect Drugs in the Workplace" by Michelle Andrews, p. 38

Education/Training

Oct. "Demand for Trained Professionals Increases Educational Interests" by Teri Lyn Eisma, p. 52

Emergency Response

Mar. "Not a Drill: Chemical complex disaster challenges emergency response teams" by Melaney Merriman, p. 30

Mar. "Emergency Medical Response Teams React Swiftly to Phillips Plant Tragedy" by Melaney Merriman, p. 32

Employee Assistance

Sept. "Employee Assistance Professionals Should Always Remember to Listen" by Allan Gerson, PhD, p. 42

Environment

Jan. "Microbial Cleanup of Toxic Wastes May Provide Alternative Solution" by Gail Finlayson, p. 36

Nov. "Manufacturing Companies of All Sizes Benefit from Waste-Reduction Policy" by R. Blake Smith, p. 19

Equipment

July "SEDA Can Give Competitive Edge In Safety Equipment Marketplace" by R. Blake Smith, p. 26

Aug. "Workers Entering Confined Spaces Must Choose Appropriate Respirator" by Ben Matranga, p. 44

Sept. "Respirator Innovations" by Melaney Merriman and Melanie Yeager, p. 28

Dec. "Team Uses Two Tests to Evaluate Performance of 62 Spirometers" by Moumin Quazi, p. 22

Ergonomics

Jan. "Back Injuries Require Integration Of Aggressive and Passive Treatment" by Gijs van Oort, PhD, Maureen Frederick, MS, PT, Donna Pinto, RN, and Daniel Ragone, MD, p. 22

Jan. "Use Whole-Brain Learning Methods To Control Repetitive Motion Injuries" by Lynne M. Davis, PT, p. 26

Jan. "Reduce Musculoskeletal Injuries With Corporate Ergonomics Program" by Clifford M. Gross, PhD, and Amy Fuchs, p. 28

Aug. "Equipment Designed for Right Handers Leaves Safety Doubts for Southpaws" by Melaney Merriman, p. 25

Eye

July "Increasing Use, Power of Lasers Make Eye Protection Essential" by Melissa Tanner, p. 44

Fire

Aug. "Make Fire Safety High Priority Before, Not After, Fire Occurs" by Wesley H. Beitl, ET, p. 19

Nov. "Sprinkler System Proper Protection For Worksites, High-Rise Buildings" by Frank Robertson, p. 47

Nov. "New and Updated Technologies Help Prevent Fires, Lower Insurance Rates" by Eric Vaughan, p. 32

Hazardous Materials

Mar. "Alleged Failure to Report Release Prompts Penalty for RTK Violation" by Melissa Tanner, p. 39

1990 Subject Index

Air

May "Monitoring Radon-Decay Products Challenges Health, Safety Experts" by Dade W. Moeller, PhD, p. 64

May "Regulations, Employee Concerns Spur Air Monitoring of Work-Place Hazards" by John F. Rekus, CSP, CIH, p. 71

May "Concerns about Indoor Air Quality Warrant Review of HVAC Systems" by Norman A. Beddows, CIH, p. 77

June ENGINEERING CONTROL: "Maintenance of Indoor Air Quality A Major Concern for the 1990s" by D. Jeff Burton, PE, CIH, CSP, p. 61

July ENGINEERING CONTROL: "Understanding Effects on Workers Helps in Solving IAQ Problems" by D. Jeff Burton, PE, CIH, CSP, p. 47

Sept. "Industrial Hygienists Take the Field With New Gas Detection Technology" by Teri Lyn Eisma, p. 36

Sept. ENGINEERING CONTROL: "Restricting Smoking at Worksites Improves Air Quality, Reduces Costs" by D. Jeff Burton, PE, CIH, CSP, p. 50

Oct. "Effort to Reduce Radon Cancer Risk Includes Measurement, Abatement" by James Phil Shield, CHCM, and Abdalla M. Mutawe, MS, p. 116

June "Scannell to Share Vision of OSHA At 1990 Conference of the ASSE" by Melissa Tanner, p. 42

June "SHRM Conference in Atlanta Will Address Workforce Ethics" by Emily Smollen, p. 53

Sept. "NAC Fall Conference in Phoenix To Address Risks of Third Wave" by Melanie Yeager, p. 14

Sept. "Bennett, Walker to Address Issues Regarding Drug-Free Workplace Act" by Emily Smollen, p. 44

Oct. "OSHA Reform, Ergonomics Key Issues As NSC Congress Meets in Las Vegas" by Eric Vaughan, p. 76

Nov. "Diverse Technical Program Highlights HazMat Control at Superfund '90" by Teri Lyn Eisma, p. 25

Disease

Jan. "Legal and Ethical Issues Affect Conduct Toward AIDS Sufferers" by Linda C. Kramer, JD, RN, p. 49

Feb. "Occupational Risks of Chemical Use May Be Greater in Small Businesses" by Thomas A. Bex, p. 39

April "Control of Environment, Exposure Key to Reducing Occupational Cancer" by John S. Neuberger, DrPH, p. 90

April VIEWPOINT: "Skin Largest and Easiest Target for Occupational Injury, Disease" by Phillip L. Polakoff, MD, MPH, MEnvSc, p. 93

May "Engineering, Medical Controls Vital In Battle Against Occupational Cancer" by John S. Neuberger, DrPH, p. 84

July "Concerns About Contagious Disease Prompt Infection Controls for CPR" by Melanie Yeager, p. 51

Drugs in the Workplace

April "More Employers Are Utilizing Drug-Screening Programs" by John Bitter, EdD, p. 27

June EDITORIAL: "Drug Testing Requires Examination Of Methods, Reasons and Usefulness" by Alexander L. Strasser, MD, FACP, p. 52

Sept. "Preventing Employee Drug Abuse Starts With Firm Policy, Awareness" by Cheryl Thieme, RN, p. 41

Oct. "New Technology Enhances Effort to Detect Drugs in the Workplace" by Michelle Andrews, p. 38

Education/Training

Oct. "Demand for Trained Professionals Increases Educational Interests" by Teri Lyn Eisma, p. 52

Emergency Response

Mar. "Not a Drill: Chemical complex disaster challenges emergency response teams" by Melaney Merriman, p. 30

Mar. "Emergency Medical Response Teams React Swiftly to Phillips Plant Tragedy" by Melaney Merriman, p. 32

Employee Assistance

Sept. "Employee Assistance Professionals Should Always Remember to Listen" by Allan Gerson, PhD, p. 42

Environment

Jan. "Microbial Cleanup of Toxic Wastes May Provide Alternative Solution" by Gail Finlayson, p. 36

Nov. "Manufacturing Companies of All Sizes Benefit from Waste-Reduction Policy" by R. Blake Smith, p. 19

Equipment

July "SEDA Can Give Competitive Edge In Safety Equipment Marketplace" by R. Blake Smith, p. 26

Aug. "Workers Entering Confined Spaces Must Choose Appropriate Respirator" by Ben Matranga, p. 44

Sept. "Respirator Innovations" by Melaney Merriman and Melanie Yeager, p. 28

Dec. "Team Uses Two Tests to Evaluate Performance of 62 Spirometers" by Moumin Quazi, p. 22

Ergonomics

Jan. "Back Injuries Require Integration Of Aggressive and Passive Treatment" by Gijs van Oort, PhD, Maureen Frederick, MS, PT, Donna Pinto, RN, and Daniel Ragone, MD, p. 22

Jan. "Use Whole-Brain Learning Methods To Control Repetitive Motion Injuries" by Lynne M. Davis, PT, p. 26

Jan. "Reduce Musculoskeletal Injuries With Corporate Ergonomics Program" by Clifford M. Gross, PhD, and Amy Fuchs, p. 28

Aug. "Equipment Designed for Right Handers Leaves Safety Doubts for Southpaws" by Melaney Merriman, p. 25

Eye

July "Increasing Use, Power of Lasers Make Eye Protection Essential" by Melissa Tanner, p. 44

Fire

Aug. "Make Fire Safety High Priority Before, Not After, Fire Occurs" by Wesley H. Beitl, ET, p. 19

Nov. "Sprinkler System Proper Protection For Worksites, High-Rise Buildings" by Frank Robertson, p. 47

Nov. "New and Updated Technologies Help Prevent Fires, Lower Insurance Rates" by Eric Vaughan, p. 32

Hazardous Materials

Mar. "Alleged Failure to Report Release Prompts Penalty for RTK Violation" by Melissa Tanner, p. 39

1990 Subject Index

June "Data Required For Hazmat Loads Should Upgrade Safety of Industry" by William E. Kenworthy, Esq., p. 24

June "Effective Hazardous Materials Plan Needs Organization, Responsible Team" by J.M. Krakowiecki, p. 38

Dec. "Monitoring Hazwaste A Complex Task" by Sally S. Smith, MS, p. 43

Healthcare

Jan. HEALTH MANAGEMENT: "Cost Shifting, Utilization Spur Rising Healthcare Benefits Costs" by David Chenoweth, PhD, p. 48

Jan. EDITORIAL: "Would Universal Health Insurance Undermine Quality of Healthcare?" by Alexander L. Strasser, MD, FACP, p. 52

Mar. EDITORIAL: "Healthcare Planners, Physicians Must Cooperate to Stem Rising Costs" by Alexander L. Strasser, MD, FACP, p. 20

April "RN Case Manager Can Help Provide Appropriate Care, Cost Management" by Anna Blum, RN, CIRS, and Rose Mauch, RN, p. 68

April EDITORIAL: "Focus of Medical Practice Changing From Correct Diagnosis to Low Costs" by Alexander L. Strasser, MD, FACP, p. 34

May VIEWPOINT: "National Health Insurance Possible Before 20th Century Comes to Close" by Phillip L. Polakoff, MD, MPH, MEnvSc, p. 24

May EDITORIAL: "Medicare Intermediaries Shift Bulk of Paperwork Processing to Doctors" by Alexander L. Strasser, MD, FACP, p. 68

Aug. VIEWPOINT: "Prevention of Reproductive Disorders Requires More Research, Vigilance" by Phillip L. Polakoff, MD, MPH, MEnvSc, p. 37

Nov. VIEWPOINT: "Health-Risk Appraisal Sound Tool For Developing Healthcare Strategy" by Phillip L. Polakoff, MD, MPH, MEnvSc, p. 27

Health/Fitness Promotion

Mar. "Workplace Stretching Programs Reduce Costly Accidents, Injuries" by R. Blake Smith, managing editor, p. 24

Mar. "Employers Scrutinizing Health Plans For Value and Impact on Employees" by Paul E. Terry, PhD, p. 45

April HEALTH MANAGEMENT: "Worksite Health Promotion Programs Need Analysis of Cost-Effectiveness" by David Chenoweth, PhD, p. 25

June HEALTH MANAGEMENT: "Truckers Challenged to Use Clout To Effect Health-Promotion Changes" by David Chenoweth, PhD, p. 46

June "Coors Program Proves That Wellness Means More Than Physical Fitness" by Shari Caudron, p. 57

Oct. "Wellness Administrators Working To Prove Programs Cost-Effective" by R. Blake Smith, p. 100

Dec. "Innovative Products and Services Improve All Aspects of Job Health" by Teri Lyn Eisma, p. 29

Dec. Health-Promotion Programs Examined Through Cost-Effectiveness Analysis" by David Chenoweth, PhD, p. 40

Hearing Conservation

May "OSHA 1910.95 Advances OHCPs; Changes, Updates Continue Today" by Donald C. Gasaway, MA, p. 58

June VIEWPOINT: "Problems Arising from Noise Exposure Plague Workers; Many Need Protection" by Phillip L. Polakoff, MD, MPH, MEnvSc, p. 37

Nov. "Worksite Hearing-Conservation Program Must Be More Than Just Hearing Tests" by Jill Seagren, MA, CCC-A, p. 48

Injury Prevention/Treatment

Jan. "Eye-Irrigating Lens More Effective If Applied Seconds After Accident" by Charles Poe, p. 43

April "Ergonomic Design Protects Hands From Repetitive Motion Injuries" by Teri Lyn Eisma, p. 75

Labor

July "U.S. Supreme Court Agrees to Hear Fetal Protection Employment Policy" by Suzanne E. Micael, p. 40

Dec. "Dole's Departure Leaves Big Shoes In Highest Labor Department Post" by Greg Densmore, p. 18

Managing Safety & Health

Feb. "Maine Drafts AHERA Compliance Plan From Thorough Surveys, Databases" by Douglas R. Lawson, PhD, CIH, p. 23

Feb. "Policy Makers Need to Understand Principles of Benefit-Cost Analysis" by R. D. Peterson, PhD, JD, p. 44

Feb. "Loading Dock Safety Begins with Design" by Teri Lyn Eisma, p. 49

Feb. "CD-ROM: Information Technology Enters the Twenty-First Century" by J.N.A. Reid, p. 54

April "New Software Allows One Computer To Interface With Many Instruments" by Norman R. Dotti, PE, p. 43

June "Process Safety Management Involves Personnel, Facilities and Technology" by David A. Herbert, p. 28

July "Broad-Based Changes in Behavior Key to Improving Safety Culture" by Thomas R. Krause, PhD, John H. Hidley, MD, and Stanley J. Hodson, p. 31

Oct. SAFETY COMMENTARY: "Chemical Industry Must Strive to Improve Safety Performance" by Thomas W. Lawrence, CSP, PE, p. 66

Oct. SAFETY COMMENTARY: "Demand for Safety in Healthcare Grows Even as Institutions Face Budget Cuts" by Richard J. Vetter, PhD, p. 68

Oct. SAFETY COMMENTARY: "Rising Workers' Compensation Costs Challenging Transportation Industry" by Gerald Hughes, JD, p. 70

Oct. SAFETY COMMENTARY: "Ergonomics an Expensive Problem for All Sectors of Manufacturing" by William C. Pritchard, CSP, p. 72

Oct. SAFETY COMMENTARY: "Construction Workers Should Be Part of Effort to Improve Workplace Safety" by Mike Timura, p. 74

Nov. "Incentive Merchandise Helps Boost Goals of Workplace Safety Programs" by Tim Markus, p. 56

Mental Health

July "Response to Traumatic Event Crucial In Preventing Lasting Consequences" by Timothy Barnett-Queen, MDiv, MSW, and Lawrence H Bergmann, PhD, p. 53

Occupational Medicine

Feb. EDITORIAL: "Pulmonary Function Tests, Histories Keys to Recognizing Lung Disorders" by Alexander L. Strasser, MD, FACP, p. 20

April "Advances in Technology, Technique Dispel Myths About Spirometry" by Paul Enright, MD, and Alan Palmer, PhD, p. 36

April "Physicians Advise Caution in Use Of Over-the-Counter Medications" by Tommy Witherspoon, p. 71

July VIEWPOINT: "Moralist, Utilitarian Ethics Clash In Practice of Occupational Medicine" by Phillip L. Polakoff, MD, MPH, MEnvSc, p. 39

Reviews

June IN REVIEW: "SARA III Software Proves Useful Tool; Video Shows Common-Sense Training" by Kenneth S. Cohen, PhD, PE, CIH, p. 35

Sept. IN REVIEW: "Ventilation Control Book 'Honest;' Video Addresses Co-Worker Illness" by Kenneth S. Cohen, PhD, PE, CIH, p. 47

Oct. IN REVIEW: "JetLink Express' Crisp Graphics Help in Clarifying Complex Issues" by Kenneth S. Cohen, PhD, PE, CIH, p. 50

Slips and Falls

Mar. "Rules Changes, Worker Training Help Simplify Fall Prevention" by Teri Lyn Eisma, p. 52

Aug. "Mattings, Coatings Frequently Used To Improve Floors, Prevent Slips" by Melanie Yeager, p. 32

Standards

May " 'Safety in Welding and Cutting' Details Practices and Procedures" by August F. Manz, p. 27

May "New OSHA Standard Goes Into Effect Regarding Safety in Laboratories" by Joyce A. Kilby, MS, p. 82

Aug. "Invisible Confined-Space Hazards Require Comprehensive Entry Program" by John F. Rekus, CSP, CIH, p. 38

Aug. "Data Systems Help Define Relation Between Exposure, Health Effects" by Judith Read Guernsey, MS, PhD, p. 47

Oct. "OSHA's Lockout-Tagout Standard Mandates Control of Energy Sources" by John F. Rekus, MS, CIH, CSP, p. 108

Oct. "OSHA Proposes New Eye Safety Rule Based on Revision of ANSI Z87.1" by Joanne Klopfer, OD, MPH, p. 112

Nov. "Hazards of Flammable Liquids Warrant Strict Adherence to OSHA, NFPA Codes" by John F. Rekus, CIH, CSP, p. 40

Trends/Studies

Jan. "Scannell Brings New Look to OSHA" by Greg Densmore, Assistant Editor, p. 18

Jan. VIEWPOINT: "Changing Work Force Will Require Commitment to Health Practices" by Phillip L. Polakoff, MD, MPH, MEnvSc, p. 39

Feb. VIEWPOINT: "Electronic Workplace Surveillance Threatens Dignity, Quality of Life" by Phillip L. Polakoff, MD, MPH, MEnvSc, p. 48

Mar. VIEWPOINT: "Struggle to Compete Has Changed Worker-Employer Relations, Loyalty" by Phillip L. Polakoff, MD, MPH, MEnvSc, p. 28

June "Scannell to Share Vision of OSHA At 1990 Conference of the ASSE" by Melissa Tanner, p. 42

Aug. "Study Sheds Light on Interpretation Of Data from Back and Neck Injuries" by Marjorie R. Johnson, DC, PhD, and Alana C. Ferguson, MSLS, p. 28

Aug. "Study Analyzes Worker Perception Of Increasing Healthcare Costs" by David Chenoweth, PhD, p. 24

Oct. "Europe: The OH&S Leader" by Kurt Mahler, p. 44

Oct. "Scannell Has OSHA on the Move Again" by R. Blake Smith, p. 58

Nov. EDITORIAL: "Government Cost Control Discourages Potential Medical School Applicants" by Alexander L. Strasser, MD, FACP, p. 46

The subject index is published as a service to readers. Please note that the September issue and the Purchasing Sourcebook were listed as Volume 59, Number 9. The Purchasing Sourcebook should have been Volume 59, Number 10. The October issue was correctly numbered Volume 59, Number 11.
